

**INSTRUCTIONS
for obtaining a**

Permit-by-Notification for Limited Public Solid Waste Transfer Station/Recycling Facility

*pursuant to
RSA 149-M and New Hampshire Solid Waste Administrative Rules Env-Wm 311 & Env-Wm 2107.02*

Read these instructions before completing the attached form. For additional assistance, or to obtain a disk version of the attached form, contact the New Hampshire Department of Environmental Services (DES) Permitting & Design Review Section (P&DRS) at (603) 271-2925 or the below noted mailing address or TDD Access: Relay NH 1-800-735-2964.

Note: All references on this form beginning with "Env-Wm" are citations from the New Hampshire Solid Waste Rules (Rules). To obtain a copy of the Rules, contact the DES Public Information & Permitting Office at (603) 271-2975 or the above noted TDD Access. The Rules are also available on the Internet at: <http://www.des.state.nh.us>.

Complete the attached form to obtain a "permit-by-notification" to construct and operate a limited public (*) solid waste transfer station and/or recycling facility, subject to the siting, operation and closure requirements/restrictions specified in Env-Wm 2107.02.

All requested information must be provided as indicated on the attached form. Do **NOT** skip any question, unless instructed to do so. Do **NOT** mark any question "not applicable." If you need more space than provided on the form to answer a particular question and are using a paper copy of this form, attach additional pages as necessary; mark each page clearly to show both the applicant name and the question being answered; and indicate on the form that the additional pages are attached. If you are using a disk version of this form and need more space to answer a particular question, you may create the additional space on the form itself by following the instructions provided on the disk. However, do **NOT** alter the form in any other way.

Submit **FOUR** copies of the completed form, **EACH bearing ORIGINAL signatures**, to the following address:

**NH Department of Environmental Services (DES)
Waste Management Division (WMD)
Permitting & Design Review Section (P&DRS)
29 Hazen Drive, PO Box 95
Concord, NH 03302-0095**

Include postage paid legal sized envelopes addressed, in type written or handwritten block letters, to yourself (i.e., the property owner/applicant), the host municipality, and the host solid waste management district. If you require assistance in determining the latter, contact the host town/city offices or the DES Planning and Community Assistance Section at (603) 271-2900.

A permit-by-notification can only be issued based on complete and accurate information. **Therefore, failure to follow these instructions as specified shall result in DENIAL of the requested permit.**

Following receipt of an application for a permit-by-notification, DES will determine whether all information is provided as specified. Response will be made by returning a copy of the completed form, marked either "granted" or "denied." If marked "granted," a permit number will be assigned and the completed form, bearing the Director's signature and DES dated receipt stamp, will serve as the facility permit. If marked "denied," the deficiencies will be noted on the form. A copy of the processed form will also be sent to the host municipality and host solid waste management district, for their information and use.

(*) A "limited public" facility is one which is publicly owned and is limited to receiving waste only from generators within the public entity's jurisdiction or the jurisdiction of another public entity which has a written service agreement with the facility. See also Section V of this form.

For Office Use Only:

Waste Management Division

Permit-by-Notification for Limited Public Solid Waste Transfer Station/Recycling Facility

*pursuant to
RSA 149-M and New Hampshire Solid Waste Administrative Rules Env-Wm 311 & Env-Wm 2107.02*

FOR DES OFFICE USE ONLY Do NOT WRITE IN THIS SHADED BOX

☐ The requested permit is hereby granted and assigned permit number DES-SW-PN-____-____.

This completed form, bearing a DES dated receipt stamp and signature, shall serve as the permit for this facility. The approval applies only to constructing and operating the facility as described herein on this completed form, subject to all applicable statutes and rules, including RSA 149-M and the New Hampshire Solid Waste Rules, as amended. This permit shall expire one year from the date of signature, below, if facility construction has not commenced. This permit is non-transferable. Issuance of this permit is based solely on representations by the applicant/permittee. No liability is incurred by the state of New Hampshire by reason of this approval. This approval shall not affect the permittee's obligation to obtain all requisite federal, state, district or local approvals and to comply with all other applicable statutes and rules.

Anthony P. Giunta, P.G., Director, WMD

Date

☐ The requested permit is hereby denied due to:

- ☐ incomplete, conflicting or ambiguous information, as indicated by highlighting
- ☐ insufficient copies
- ☐ no signature or failure to provide original signatures on all copies filed
- ☐ other (specify): _____

Denial shall not preclude the applicant from later obtaining a permit by submitting a new application that corrects the above noted deficiency(s). Questions may be directed to the person whose business card is stapled to this form. Rights of appeal exist pursuant to RSA 21-O:9, V.

Anthony P. Giunta, P.G., Director, WMD

Date

SECTION I. FACILITY IDENTIFICATION

The information provided below shall constitute the approved facility location, if a permit is issued based on this application.

(1)	Facility status (Check which <u>ONE</u> of the following applies):
	<input type="checkbox"/> Proposed Facility (not yet constructed or operating)
	<input type="checkbox"/> Existing Facility holding Temporary Permit #DES-SW-TP-_____ - _____ (fill in permit #)
	<input type="checkbox"/> Existing Facility NOT holding a Temporary Permit (i.e., an "Unauthorized Facility") that has been instructed by DES to apply for this permit. [Attach a copy of the DES document that specifically instructs you to file this application. In addition, in order to be eligible for a permit-by-notification, an unauthorized facility must comply with all requirements applicable to a <u>PROPOSED</u> facility. Complete the remainder of this form on that basis.]
	<input type="checkbox"/> None of the above (If "none of the above", <u>DO NOT CONTINUE</u> . A permit-by-notification can only be issued to a facility that is one of the above. Contact the DES Solid Waste Compliance Bureau at (603) 271-2925 for further assistance).
(2)	Facility name:

(3)	Facility type: <input type="checkbox"/> Transfer station <input type="checkbox"/> Recycling center <input type="checkbox"/> Other (specify):
(4)	Location, by street address and municipality:
(5)	Facility mailing address:
(6)	Local tax map and lot numbers:
(7)	Deed reference by county, volume and page numbers:
(8)	Latitude and longitude of a known fixed point on the site:
(9)	Written directions from a known point of reference in the vicinity of the facility site:
(10)	Plot the facility site on a United States Geological Survey (USGS) topographic map, or copy thereof, prepared at a scale of 1:24,000 or 1:25,000. Mark and submit as "Attachment I(10)".

SECTION II. APPLICANT/PERMITTEE/OWNER/OPERATOR IDENTIFICATION

To obtain this type of permit, the applicant/permittee shall:

- (a) Be a town or other governmental unit or agency or political subdivision of the state, or a combination thereof; and
- (b) Own the facility; and
- (c) Be in responsible charge of facility construction, operation, and closure.

Consistent with requirements (a) through (d) above, provide the following information:

(1)	Applicant/permittee/owner/operator name:		
(2)	Applicant/permittee/owner/operator mailing address:		
(3)	Applicant/permittee/owner/operator telephone number:		
(4)	Person affiliated with and designated by the applicant/permittee/owner/operator to be the contact person for this facility:		
	(a)	Name:	(b) Title:
	(c)	Mailing address [if different than in (2) above]:	
	(d)	Telephone number [if different than in (3) above]:	

SECTION III. FACILITY LIFE

Identify, by answering questions (1)-(3) below, the anticipated life expectancy of the facility. A permit-by-notification is issued for one of two operating scenarios: either for operating 90 days or less or operating longer than 90 days. If operated longer than 90 days, the facility must meet certain long-term operating obligations, as specified in Env-Wm 2800, including operator certification requirements pursuant to Env-Wm 3300 and annual reporting requirements.

For a facility having an active life of 90 days or less, the dates provided below shall constitute the approved active life of the facility, if a permit is issued (i.e., the facility shall not be authorized to operate outside these dates).

For a facility having an active life longer than 90 days, the future dates specified below shall be target dates only. The actual dates for commencing construction, operation and closure shall be provided by the permittee (following permit issuance) by filing a "Notice of Intent to Construct" pursuant to Env-Wm 2804, a "Notice of Intent to Operate" pursuant to Env-Wm 2805, and a "Notice of Intent to Close" pursuant to Env-Wm 2806. "Notice of Intent" forms may be obtained from the P&DRS at (603) 271-2925.

(1)	For a proposed facility, date facility construction is scheduled to commence: OR For an existing temporary permit or unauthorized facility, date facility construction first commenced:		
(2)	For a proposed facility, date facility operations are scheduled to commence: OR For an existing temporary permit or unauthorized facility, date facility operations first commenced:		
(3)	Total life expectancy of facility (check one only):		
	<input type="checkbox"/>	90 days or less (specify date by which the facility shall cease receiving waste):	
	<input type="checkbox"/>	Longer than 90 days (answer (a) or (b) as applicable):	
	(a)	If date of facility closure is <u>known</u> , so indicate:	OR
	(b)	If date of facility closure is <u>unknown</u> , specify total years the facility will most likely operate:	years

SECTION IV. FACILITY SERVICE AREA

This type of facility (limited public, as defined by Env-Wm 102.99) shall only receive waste generated by sources that are within the permittee's jurisdiction and/or within the jurisdiction of other New Hampshire municipalities, districts, or other governmental units or agencies that have entered into a written agreement with the permittee to use the facility. In keeping with these restrictions, identify all public entities the facility shall serve under the provisions of this permit.

(1)	Will this facility receive waste generated by sources within the jurisdiction of the permittee named in Section II above? <input type="checkbox"/> NO <input type="checkbox"/> YES		
(2)	Will this facility receive waste generated by sources within the jurisdiction of any other New Hampshire municipality, district, other governmental unit or agency? <input type="checkbox"/> NO (if NO, skip question (3) and go to Section V) <input type="checkbox"/> YES (if YES, there must be a written agreement for said use)		
(3)	In the table below, identify all other NH municipalities, districts, other governmental units and/or agencies that will use this facility; provide date(s) relating to the written agreement for use of the facility; and provide other comments/details if appropriate.		
	Name of NH Town, District, Gov. Unit or Agency	Effective Date(s) of Written Agreement	Comments/Details

SECTION V. FACILITY CAPACITY

The information provided by answering questions (1)-(2) below shall constitute the approved facility capacity if a permit is issued. The "approved facility capacity" means the maximum quantity of waste the facility shall be authorized to receive and store. Certain restrictions apply as noted () in questions (1) and (2) below.*

Also, in answering question (2), take note of the following definitions:

Select recyclable materials means: paper, cardboard, glass, plastic, ferrous metals, non-ferrous metals, and textiles.

Select processed recyclable material means: a select recyclable material (i.e., paper, cardboard, glass, plastic, ferrous metals, non-ferrous metals, or textiles) which has been sorted/separated by material type, formed into bales or otherwise physically processed and packaged in a manner satisfying the specifications for transportation to and acceptance by the receiving market place.

Actively managed means the facility is storing and otherwise managing the material in a manner that preserves/protects the market value of the material and is protective of the environment, public health and safety, and the material has a known destination/market (i.e., waste/recyclables that are speculatively accumulated are not actively managed). See Env-Wm 102.04.

Therefore, the storage capacity which you declare for this facility, by your response to question (2) below, must be the capacity required by the facility to store all of the following waste groups:

— all **non-recyclable waste**;

— all **unprocessed recyclable materials** (both select and non-select);

— all **processed non-select recyclable materials** (i.e. any market-ready recyclable material that is NOT paper, cardboard, glass, plastic, ferrous metal, non-ferrous metal or textiles); and

— all **processed select recyclable materials which are off-specification and/or not being actively managed** (i.e., paper, cardboard, glass, plastic, ferrous metal, non-ferrous metal and/or textiles which do not meet a market specification and/or are not stored in a manner that preserves/protects its market value, and/or which do not have a known market destination, and/or which are stored in a manner that is not protective of the environment, public health or safety)

(1)	Average quantity of waste the facility is designed to receive daily: _____ tons per day (*) (*) This number shall not exceed 30 TPD, averaged over active life of facility and on average annually
(2)	Total quantity of waste the facility is designed to store, <u>excluding actively managed processed select recyclable materials as defined in the instruction block above</u> : _____ tons (*) (*) This number shall not exceed 14 times the number of tons specified in response to question (1) above

SECTION VI. PROHIBITED AND AUTHORIZED WASTE

Prohibited Waste: This facility shall not be permitted to receive any of the following types of solid waste: asbestos waste; explosive waste; contained gaseous waste; liquid waste; infectious waste; animal carcasses; contaminated soils and other absorbent media; and any waste generated outside the borders of New Hampshire.

Authorized Waste: The facility shall be limited to receiving the below listed types of solid waste only, subject to the prohibitions specified above. Check all types that this facility accepts/plans to accept. If a permit is issued, the response given below shall constitute the only types of solid waste the requested permit shall authorize the facility to collect, store and transfer. However, other waste management activities may occur at the same site, subject to reporting them in Section VII of this form.

<input type="checkbox"/>	Mixed municipal solid waste, as defined by Env-Wm 102.108, namely "solid waste generated at residences, commercial or industrial establishments, and institutions, but excluding construction and demolition debris, automobile scrap and other motor vehicle waste, infectious waste, asbestos waste, contaminated soil and other absorbent media, and ash other than ash from household stoves".						
<input type="checkbox"/>	Select recyclable materials, which have been sorted/separated by the generator (i.e. source separated), as follows:						
<input type="checkbox"/>	Paper	<input type="checkbox"/>	Cardboard	<input type="checkbox"/>	Plastic	<input type="checkbox"/>	Glass
<input type="checkbox"/>	Ferrous metal	<input type="checkbox"/>	Non-ferrous metal	<input type="checkbox"/>	Textiles		
<input type="checkbox"/>	Bulky waste, as defined by Env-Wm 102.23, namely "large items that cannot be handled by normal solid waste processing, collection or disposal methods, such as appliances, furniture, large auto parts, tires, and tree stumps"(*), as follows:						
<input type="checkbox"/>	Appliances/white goods (note: white goods potentially containing CFCs and/or PCBs shall be stored separately in a location accessible to qualified personnel who shall examine each article and remove/extract the CFCs and/or PCB components in accordance with applicable regulations)						
<input type="checkbox"/>	Furniture						
<input type="checkbox"/>	Large auto parts (e.g., frames, fenders, bumpers)						
<input type="checkbox"/>	Tires (Note: tires shall be collected and stored only in accordance with Env-Wm 2605.)						
<input type="checkbox"/>	Other (specify):						
	(*) Note: Pursuant to Env-Wm 302.03(b)(6), no permit is required to actively manage stumps by aboveground methods, not including composting. Therefore, although stumps are classified as a "bulky waste", the collection, storage and transfer of stumps at this facility is permit-exempt and should instead be reported under Section VII, question (2) of this form.						
<input type="checkbox"/>	Inert construction and demolition debris as defined by Env-Wm 102.88, namely "construction and demolition debris which is comprised of materials that do not degrade, combust or generate leachate", as follows: (check all of the following which this facility will receive)						
<input type="checkbox"/>	Asphalt	<input type="checkbox"/>	Fiberglass	<input type="checkbox"/>	Metal	<input type="checkbox"/>	Shingles
<input type="checkbox"/>	Brick	<input type="checkbox"/>	Glass	<input type="checkbox"/>	Plaster	<input type="checkbox"/>	Tile
<input type="checkbox"/>	Concrete	<input type="checkbox"/>	Insulation	<input type="checkbox"/>	Porcelain fixtures	<input type="checkbox"/>	Drywall
<input type="checkbox"/>	Other construction and demolition debris, limited to:						
<input type="checkbox"/>	Untreated/unpainted wood and lumber	<input type="checkbox"/>	Treated/painted wood and lumber				
<input type="checkbox"/>	Carpeting	<input type="checkbox"/>	Plastic/vinyl				
<input type="checkbox"/>	Wood ash from household stoves						

SECTION VII. NOTICE OF OTHER WASTE MANAGEMENT ACTIVITIES AT SITE

Pursuant to Env-Wm 2805.07(d) and (f), identify whether any of the below listed waste management activities will also exist at this site. Be certain to show each of these activities on the site plans prepared pursuant to Section IX of this form and be certain the activities do not adversely affect the ability to properly manage each of the authorized wastes specified in Section VI of this form.

(1)	ACTIVITIES INVOLVING WASTES THAT ARE NOT REGULATED AS SOLID WASTE (Ref. Env-Wm 101.03):				
<input type="checkbox"/>	Management of yard waste (leaves, grass clippings, garden debris, and small or chipped branches)				
<input type="checkbox"/>	Burial of stumps at the waste generation site which have been cut or uprooted from the site, at least 75 feet from any drinking water supply				
<input type="checkbox"/>	Operation of a "swap shop", collecting and distributing salvaged materials/items for reuse in-kind, pursuant to Env-Wm 3200, including:				
<input type="checkbox"/>	Collection and distribution of non-hazardous paint for use as paint				
<input type="checkbox"/>	Collection and distribution of other used furniture, equipment, clothing, etc. for reuse in-kind				
<input type="checkbox"/>	Other (specify):				
<input type="checkbox"/>	Management of septage, as defined in RSA 485-A:2, IX-a, by a method not involving disposal with a solid waste				
<input type="checkbox"/>	Management of sludge as defined in RSA 485-A:2, XI-a, by a method not involving disposal with a solid waste				
<input type="checkbox"/>	Management of hazardous waste, as defined in RSA 147-A:2, as follows:				
<input type="checkbox"/>	Collection of used oil for recycling				
<input type="checkbox"/>	Collection of household hazardous waste				
<input type="checkbox"/>	Collection of universal waste, as follows:				
<input type="checkbox"/>	Batteries	<input type="checkbox"/>	Antifreeze	<input type="checkbox"/>	Mercury containing lamps
<input type="checkbox"/>	Pesticides	<input type="checkbox"/>	Thermostats	<input type="checkbox"/>	Mercury containing devices
<input type="checkbox"/>	Other (specify):				
<input type="checkbox"/>	Operation of a permitted hazardous waste transfer facility (Provide permit #):				
<input type="checkbox"/>	Operation of a permitted hazardous waste treatment, storage, disposal (TSD) facility (Provide permit #):				
<input type="checkbox"/>	Other (specify):				

	<input type="checkbox"/>	Management of solid or dissolved materials in irrigation return flows
	<input type="checkbox"/>	Management of municipal and industrial discharges which are point sources subject to permits under Section 402 of the Federal Water Pollution Control Act, as amended
	<input type="checkbox"/>	Management of radioactive materials as defined and regulated by the New Hampshire Rules for the Control of Radiation, He-P 2000 and He-P 4000
(2)	SOLID WASTE MANAGEMENT ACTIVITIES WHICH ARE PERMIT-EXEMPT, AS FOLLOWS:	
	<input type="checkbox"/>	Management of stumps by above-ground methods, not including composting, pursuant to Env-Wm 302.03(b)(6), as follows:
	<input type="checkbox"/>	Temporary stockpiling until transfer off-site for further management
	<input type="checkbox"/>	Chipping/shredding and use of resulting chips as fuel, mulch, animal bedding and/or composting bulking agent
	<input type="checkbox"/>	Collection, storage and transfer of the following:
	<input type="checkbox"/>	Solid waste collected from highway rights-of-way by a local or state highway agency (<i>note: permit exemption applies only if the collection site is owned/operated by the highway agency</i>); [Ref. Env-Wm 2108.07]
	<input type="checkbox"/>	Concrete, brick, other inert masonry debris or asphalt [Ref. Env-Wm 302.03(b)(10)]
	<input type="checkbox"/>	Processed (<i>i.e., market ready, baled/packaged</i>) select recyclables; [<i>note: permit exemption applies only to select recyclables (i.e., paper, cardboard, glass, plastic, metals, textiles) which are received in a market ready condition</i>]; [Ref. Env-Wm 2108.04]
	<input type="checkbox"/>	Open burning of clean wood, limited to brush and slash measuring ≤ 5 inches in diameter and clean, untreated wood with a cross-sectional area ≤ 24 square inches; (<i>note: permit exemption applies only when a permit to stockpile the wood for burning is issued by the DES Air Resources Division and the district forest ranger/local fire authorities have issued a permit to kindle the wood, and when stockpiling conforms to Env-Wm 2104.05</i>); [Ref. Env-Wm 2208.05]
	<input type="checkbox"/>	Collection and use of a processed select recyclable material to produce a waste-derived product certified pursuant to Env-Wm 3200; (<i>Identify the type of processed select recyclable: _____ and the type of certified waste-derived product: _____</i>); [Ref. Env-Wm 2208.06]
	<input type="checkbox"/>	Collection and use of a processed non-select recyclable material to produce a waste-derived product certified pursuant to Env-Wm 3203.04, Env-Wm 3203.05 or Env-Wm 3203.07; (<i>Identify the type of processed non-select recyclable: _____ and the type of certified waste-derived product: _____</i>); [Ref. Env-Wm 2208.07]
	<input type="checkbox"/>	Burial of animal carcasses pursuant to Env-Wm 2510.07 or Env-Wm 2510.08
	<input type="checkbox"/>	Landspreading wood ash pursuant to Env-Wm 3404
	<input type="checkbox"/>	Conducting bench scale research and development projects pursuant to Env-Wm 302.03(b)(7)
	<input type="checkbox"/>	Management of virgin petroleum contaminated soils under an interim status operating approval granted by DES pursuant to Env-Wm 302.03(b)(8) and Env-Wm 308
	<input type="checkbox"/>	Management of boiler slag from the combustion of coal, pursuant to Env-Wm 302.03(b)(9)
	<input type="checkbox"/>	Burial of concrete, brick, other inert masonry debris or asphalt, as follows:
	<input type="checkbox"/>	At the waste generation site pursuant to Env-Wm 2510.04
	<input type="checkbox"/>	From off-site locations pursuant to Env-Wm 302.03(b)(10)
	<input type="checkbox"/>	Collection, storage and processing of wooden pallets and crates into wood chips, pursuant to Env-Wm 302.03(b)(11)
	<input type="checkbox"/>	Management of a solid waste that has been formally declared by the generator, in accordance with Hazardous Waste Rule Env-Wm 502.01(c)(2), to be a hazardous waste, pursuant to Env-Wm 302.03(b)(5)
	<input type="checkbox"/>	Other (<i>specify: _____ and provide rule cite: Env-Wm _____</i>)
(3)	IDENTIFY ALL OTHER SOLID WASTE MANAGEMENT PERMITS ISSUED FOR THIS SITE:	
	PERMIT NUMBER	DATE ISSUED

SECTION VIII. FACILITY SITING

The following siting restrictions shall apply to this facility. (If the proposed facility does not meet these criteria, a permit-by-notification cannot be issued. However, the facility may be eligible for a "standard permit" pursuant to Env-Wm 314. Contact the P&DRS at (603) 271-2925 to obtain the appropriate forms.)

SITE FEATURE (See also footnotes, shown in parentheses, as applicable)	MINIMUM ALLOWABLE SETBACK DISTANCE		ACTUAL SETBACK DISTANCE (Fill in this column to show compliance with the minimum allowable setback distances)
	PROPOSED FACILITIES & UNAUTHORIZED FACILITIES	TEMPORARY PERMIT FACILITIES	
Property lines	50 feet	Maintain existing setback, however, any future expansion of the facility shall be setback at least 50 feet.	
Area for which an easement or right-of-way is granted.	Not within, unless specifically allowed by the easement or right-of-way and the grant of the easement or right-of-way does not adversely affect the ability to meet all facility requirements.		
100-year flood hazard zone (1)	Not within	If within, protect all waste handling & storage areas from impact by flood, however, future expansion of the facility shall not occur within the 100-year flood zone.	
Wetlands and surface waters	Any dredging, filling or construction in or adjacent to wetlands or surface waters may require a permit from the DES Wetlands Bureau. If your facility is within 100 ft. of a surface water or wetland, you are advised to contact the Wetlands Bureau at (603) 271-2147 to obtain permitting information.		
Rivers designated under RSA 483 (2)	250 feet, measured from normal high water mark, provided that vegetation or other natural barrier is established to minimize visual impact.	Maintain existing setback, however, future expansion of the facility shall not occur within 250 feet of the normal high water mark and screening shall be provided to minimize visual impact.	
Shoreland protected under RSA 483-B (3)	250 feet, measured from the "reference line"; minimize visual impact using vegetation or other natural barrier.	Maintain existing setback, however, future expansion of the facility shall not occur within 250 feet of the "reference line" and screening shall be provided to minimize visual impact.	
Areas protected under RSA 482, as pertains to dams and flowage (4)	Not within	If within, assure that the facility is in compliance with RSA 482.	
Public water supply wells (5)	Not within the sanitary protective radius.		
Habitat for threatened or endangered species (6)	Not within	If within, no further impact or encroachment.	
Other waste management facilities (7)	Not within area which physically interferes with the proper operation and closure of the other facility.		
Is this facility sited on property that is subject to an on-going DES enforcement action? <input type="checkbox"/> YES <input type="checkbox"/> NO <i>[Note: A proposed facility can not be sited on property that is subject to a DES enforcement action, unless the facility is approved by DES as part of the enforcement action and a copy of the approval is submitted with this application. If "YES", attach the approval and mark as "Attachment VIII".]</i>			

FOOTNOTES:

- (1) To determine limits of the 100-year flood zone, refer to Federal Emergency Management Agency (FEMA) maps. Contact the Office of Emergency Management at (603) 271-2231 for assistance in locating maps.
- (2) List of designated rivers may be obtained on the Internet at www.des.state.nh.us/riverpgm or by requesting list from the DES-PIC office at (603) 271-2975.
- (3) Contact the DES Shoreland Protection Coordinator at (603) 271-3503 for assistance in identifying protected areas, which include all public fresh water bodies listed in a DES publication titled "Official List of Public Waters in NH". The "reference line" is typically the high water mark, but may vary for some water bodies.
- (4) A facility cannot be sited within the flood control area of a dam (land subject to flowage rights). If the facility is an existing facility and is located within the flood control area of a dam, you must contact the DES Water Division at (603) 271-3406 to assure compliance.
- (5) If within 400 ft. of public water supply well, you are advised to contact the DES Water Supply Engineering Bureau at (603) 271-3503.
- (6) For plant species, contact NH Natural Heritage Inventory at (603) 271-3623. For wildlife species, contact the Fish & Game Dept. at (603) 271-3017.
- (7) Proposed facilities should be located at least 50 feet from the footprint of any existing landfill that is not yet capped, in order to assure adequate area for future capping and groundwater monitoring wells. In no case may a facility, whether existing or proposed, be located on top of, or within, any landfill.

SECTION IX. FACILITY DESIGN PLANS & SPECIFICATIONS

Prepare facility design plans and specifications, according to the enumerated instructions below. Attach the plans and specifications to this application and mark as "ATTACHMENT IX". For additional guidance concerning facility design, refer also to DES publication entitled Transfer Station and Recycling Center Design and Operation, available by contacting the DES Planning and Community Assistance Section at (603) 271-2900.

(1) The facility location and design must meet all permitting requirements as provided in:

- ☐ Env-Wm 2107.02;
- ☐ Env-Wm 2700;
- ☐ Env-Wm 2900; and
- ☐ Env-Wm 2103 through Env-Wm 2106 and Env-Wm 2800, if operated longer than 90 days; and
- ☐ Env-Wm 2605, if tires are accepted.

(2) Plans and specifications shall bear the:

- ☐ Date of preparation;
- ☐ Facility name and location; and
- ☐ For a facility holding a temporary permit, the facility permit number.

(3) Be certain the plans and specifications are:

- ☐ Clearly readable;
- ☐ Prepared in accordance with standard engineering practices, including dimensions, labels, details and other graphic elements; and
- ☐ Stamped by a qualified professional engineer, if the facility will operate longer than 90 days or when required by RSA 310-A.

(4) Unless other arrangements are approved in advance pursuant to Env-Wm 2803.05(f) plans shall:

- ☐ Be prepared at a scale of no less than 1 inch = 50 feet;
- ☐ Be presented on paper no larger than 24 inches by 36 inches;
- ☐ Show profiles drawn to standard scales with a ratio of 10 horizontal to 1 vertical, such as 40:4 and 50:5;
- ☐ Show elevations of the surface to the nearest 0.1 foot;
- ☐ Show elevations of the piping, sewer, and manhole inverts to the nearest 0.01 foot;
- ☐ Report all elevations in feet and tenths and reference all elevations to a standard datum, which shall be indicated on the plans, based on mean sea level; and
- ☐ Show contours at a minimum interval of 2 feet on all plan views.

(5) Show all existing site features, including but not necessarily limited to:

- ☐ Property boundaries, rights-of-way, easements, surrounding land use and abutters;
- ☐ Access points;
- ☐ Above & below ground structures and utilities;
- ☐ Surface waters and wetlands;
- ☐ Other areas or features protected or restricted by the applicable siting requirements (see Section VIII);
- ☐ Topography; and
- ☐ Other property uses and/or other waste management facilities or activities situated at the site as identified in Section VII of this form, if any.

If the facility and all related operations are wholly contained within an existing building, you may instead submit a plan showing the location of the building.

(6) Show the facility and all related appurtenances, including:

- ☐ Each of the features specified in Env-Wm 2104.03 through Env-Wm 2104.05, as applicable;
- ☐ The specific storage areas/devices for each type of waste the facility will receive, as identified in Section VI of this form; and
- ☐ The designated footprint(s) of any on-the-ground stockpiles and the required fire lanes between/around each.

(7) Delineate/dimension all relevant setback distances, as described in Section VIII of this form.

SECTION X. OPERATING PLAN

For a facility having an active life of 90 days or less, skip this section.

For facilities having an active life longer than 90 days, you must prepare an Operating Plan, as specified by the enumerated instructions below. You are not required to submit the plan, but are required to make it available for use by facility operators and for inspection by DES upon request.

- (1) The facility Operating Plan shall provide sufficient detail to allow the certified operator and other trained facility personnel to operate the facility in compliance with RSA 149-M, the permit and the Rules without further explanation or guidance.
- (2) The Operating Plan shall be prepared as a loose leaf document to facilitate updating and amendment as specified in Env-Wm 315.
- (3) Each page of the Operating Plan shall bear the date of preparation or last revision, as applicable, and the facility name, location and permit number, if a permit is issued for the facility at the time that the operating plan or a modification thereto is prepared.
- (4) You may prepare the Operating Plan using the "template" available from DES (telephone 271-2925 to obtain a copy) or prepare the Operating Plan from "scratch" based on the content and format requirements set forth in Env-Wm 2805.11.
- (5) Refer also to the DES publication entitled "Best Management Practices for Transfer Stations/Recycling Centers" for guidance in establishing facility-operating practices. If a copy is not included with this permit application package, contact the DES Planning and Community Assistance Section at 271-2900.
- (6) Following permit issuance, if facility-operating procedures change from that which is provided by the prepared Operating Plan, the permittee shall update the Operating Plan accordingly. Further, if the change in facility operating procedures also goes beyond that which is allowed by the terms and conditions of the permit, the permittee shall first obtain a permit modification in accordance with Env-Wm 315.

SECTION XI. CLOSURE PLAN

For a facility having an active life of 90 days or less, skip this section.

For facilities having an active life longer than 90 days, you are required to prepare a Closure Plan, as specified by the enumerated instructions below. You are not required to submit the plan, but are required to make it available for use by facility operators and for inspection by DES upon request.

- (1) The facility Closure Plan shall provide sufficient detail to allow a third party to implement and complete all required facility closure tasks in compliance with RSA 149-M, the permit and the Rules without further explanation or guidance. See Env-Wm 2706.02 for general requirements.
- (2) The Closure Plan shall be prepared as a loose leaf document to facilitate updating and amendment as specified in Env-Wm 315.
- (3) Each page of the Closure Plan shall bear the date of preparation or revision, as applicable, and the facility name and permit number.
- (4) The Closure Plan shall be based on the content and format requirements set forth in Env-Wm 2806.04.
- (5) Following permit issuance, if the facility closure provisions change from that which is provided by the prepared Closure Plan, the permittee shall update the Closure Plan accordingly. Further, if the change in facility closure provisions also goes beyond that which is allowed by the terms and conditions of the permit, the permittee shall first obtain a permit modification in accordance with Env-Wm 315.

SECTION XII. CERTIFICATION OF COMPLIANCE

A permit-by-notification shall not be issued to applicants unable to certify compliance with the following statements. If unable to certify that each of the following statements is true, you may instead apply for a "standard permit" pursuant to Env-Wm 314. Contact the P&DRS at (603) 271-2925 for additional information.

COMPLIANCE STATEMENT

The applicant shall certify that each of the statements listed in (1)-(8) below are true for each of the following individuals and entities:

- ☐ the applicant;
- ☐ the facility owner;
- ☐ the facility operator;
- ☐ all individuals and entities holding 10% or more of the applicant's debt or equity;
- ☐ all of the applicant's officers, directors, and partners; and
- ☐ all individuals and entities having managerial, supervisory or substantial decision making authority and responsibility for the management of facility operations or the activity(s) for which approval is being sought.

- | | |
|-----|---|
| (1) | No individual or entity listed above has been convicted of or plead guilty or no contest to a felony in any state or federal court during the 5 years before the date of the application; |
| (2) | No individual or entity listed above has been convicted of or plead guilty or no contest to a misdemeanor for a violation of environmental statutes or rules in any state or federal court during the 5 years before the date of the application; |
| (3) | No individual or entity listed above has owned or operated any hazardous or solid waste facility which has been the subject of an administrative or judicial enforcement action for a violation of environmental statutes or rules during the 5 years before the date of the application; |
| (4) | No individual or entity listed above has been the subject of any administrative or judicial enforcement action for a violation of environmental statutes and rules during the 5 years before the date of the application; |
| (5) | All hazardous and solid waste facilities owned or operated in New Hampshire by any individual or entity listed above are in compliance with either:
(a) All applicable environmental statutes, rules, and DES permit requirements; or
(b) A DES approved schedule for achieving compliance therewith; |
| (6) | All individuals and entities listed above are in compliance with all civil and criminal penalty provisions of any outstanding consent agreement, settlement, or court order to which DES is a party; |
| (7) | All individuals and entities listed above have paid, or are in compliance with the payment schedule for any administrative fine assessed by DES; and |
| (8) | All individuals and entities listed above are in compliance with all terms and conditions under every administrative order, court order or settlement agreement relating to programs implemented by DES. |

Signature of the applicant certifying the above statements are true:

Applicant Name (Print Clearly or Type)

Applicant Signature

SECTION XIII. SIGNATURE REQUIREMENTS

All signatures on all copies filed with DES must be ORIGINAL signatures. Read this information carefully. These statements shall constitute terms and conditions of any permit issued. Note that the term "facility" as used below refers to operations covered by this permit. It does not refer to operations involving activities identified in Section VII of this form.

Applicant Signature:

The applicant(s) must sign the following statement prior to submitting this application. All copies of the application filed with DES must bear the applicant's ORIGINAL signature(s). If the applicant is not an individual, an individual duly authorized by the applicant shall sign the application.

- (1) *The applicant/permittee is a town or other governmental unit or agency or political subdivision of the state, or a combination thereof;*
- (2) *The applicant/permittee owns the facility.*
- (3) *The applicant/permittee shall be in responsible charge of facility construction, operations and closure.*
- (4) *The applicant/permittee has read, understands and shall comply with all requirements for the siting, design, construction, operation and closure of this facility, as provided in Env-Wm 2107.02, Env-Wm 2700, Env-Wm 2900 and, for a facility operating longer than 90 days, Env-Wm 2103 through Env-Wm 2106 and Env-Wm 2800, and, for a facility accepting tires, Env-Wm 2605.*
- (5) *For a facility having an active life longer than 90 days, at least 50% of the on-site personnel who are directly involved with the management of solid waste shall be operators who have been issued certification in accordance with Env-Wm 3300 and, for every 1 to 5 operators, there shall be at least one supervisor who is certified as a Level III or Level IV operator in accordance with Env-Wm 3300.*
- (6) *For a facility having an active life longer than 90 days, the applicant/permittee has prepared a facility Operating Plan which meets the requirements of Env-Wm 2805.11 and which, pursuant to Env-Wm 2902.02, shall be available for use by the facility operators and for inspection by DES;*
- (7) *For a facility having an active life longer than 90 days, the applicant/permittee has prepared a facility Closure Plan that meets the requirements of Env-Wm 2806.04 and which, pursuant to Env-Wm 2902.02, shall be available for use by the facility operators and for inspection by DES.*
- (8) *The applicant/permittee shall regularly inspect waste received by this facility and assure that the facility shall NOT accept any of the following under the terms of this permit:*
 - (a) *Waste generated by sources not within the permittee's jurisdiction or by sources which are not municipalities or districts that have entered into a written agreement with the permittee for the management of said waste;*
 - (b) *More than 30 tons of waste per day, averaged over the active life of the facility and on average annually;*
 - (c) *Any type of solid waste prohibited in Env-Wm 2904.03, namely asbestos waste, explosive waste, contained gaseous waste, liquid waste, infectious waste, animal carcasses, contaminated soils and other absorbent media; and*
- (9) *For a facility that is sited where other waste management activities are located, as identified in Section VII of this form, the applicant/permittee certifies that the other activities shall not adversely affect the ability of this facility to operate in accordance with the requirements of this permit.*
- (10) *The applicant/permittee understands that any permit-by-notification issued to an existing facility shall not be construed in any way as an authorization of any activity which occurred prior to the effective date of the permit; or an authorization of any activity that does not comply with RSA 149-M, the Rules and the permit; or a waiver of any cause of action for violation(s) of RSA 149-M or the Rules.*
- (11) *The applicant/permittee understands that DES may inspect this facility, including during construction, and that non-compliance with the terms and conditions of the permit may result in revocation or suspension of the permit, administrative fine, civil or criminal penalties, and/or administrative orders for corrective action.*
- (12) *The applicant/permittee understands that any approval granted by DES based on false and/or incomplete information shall be subject to revocation or suspension, and that administrative, civil or criminal penalties may also apply.*
- (13) *To the best of my knowledge and belief, the information and material submitted herewith is correct and complete.*
- (14) *I certify that this application is on a complete and accurate form as provided by the DES without alteration of the text.*

Name of Permit Applicant (Print Clearly or Type)

Signature of Permit Applicant

Date

Property Owner Signature

The applicant does not currently own the property where the subject facility will be sited, the property owner(s) must also sign this form as follows. All copies of the application filed with DES must bear the property owner's ORIGINAL signature(s). If the property owner(s) is not an individual, an individual duly authorized by the property owner shall sign the application.

- (1) *I hereby affirm that the applicant has or shall be granted the legal right to occupy and use the property on which the subject facility is or will be located for the purpose specified in this application.*
- (2) *I hereby agree to grant access to the property for closure and post-closure monitoring of the facility and site, as required by the New Hampshire Solid Waste Rules.*
